

# FRANKFURT SPRING SCHOOL

ON CONSERVATION PROJECT MANAGEMENT

*Programme*

*Online Seminar Series*

*Every Monday: 18:00 - 20:00*

*28. February - 4. July 2022*

*Dear participants,*

*A warm welcome to this year's Frankfurt Spring School on Conservation Project Management online Seminar Series. Due to the ongoing pandemic situation, we were compelled to convert the four weeks of training into a different format complementing the upcoming Autumn School in September and October.*

*During the coming four months experienced trainers and facilitators, most of them with a background in conservation, will provide you every Monday evening for two hours with their knowledge, skills, and practical experience required in the day-to-day work of conservation project management.*

*We appologies for the change and postponement and hope you will enjoy the Seminar Series on Conservation Project Management! We are excited and very much looking forward to meeting you online over the next four months!*

*Your Frankfurt Spring School Team*
